

Skilled Animator

Books & Magic is looking for an skilled animator to join our team in Vesterbro, Copenhagen. We offer a fun and challenging working day in a professional, innovative & creative environment.

The Job

Your main focus & responsibility will be to animate characters for our Augmented Reality books & create quality animation that gives our characters life. The animation must be a little toony, cute & at the same time add humor to our games. We use 3ds Max and CAT/Character studio for animation and 3D content. On occasion, you will have the opportunity to work on 3D assets like environments, 3D assets, textures, characters, rigging & Unity implementation.

Skills

- ★ Strong and versatile character animation skills
- ★ Efficient in using 3DS Max
- ★ Experience in using Unity3D
- ★ Experience from previous projects involving games and apps building.
- ★ Can provide a solid demo reel showing animation that is fun, cute and toony
- ★ Can communicate your vision and inspire others
- ★ Can adapt or create a visual direction
- ★ Reliable and on time working attitude

Awesome bonus skills

- ★ 3D modelling
- ★ Texturing
- ★ Unwrapping
- ★ Skinning / rigging

Start of employment

Preferably 1st of June.

About Books & Magic

Books & Magic is a young and ambitious company that intends to set the future standard for Augmented Reality books. We are all about interaction between pages and pixels & deliver quality interactive experiences that inspire children to read. We embrace the physical book format and put a huge amount of effort into creating our own specially meaningful interaction, exploration and play using Augmented Reality games.

At Books & Magic everyone:

- ★ *Is a key player*
- ★ *Is a team player*
- ★ *Has direct influence on the product & is expected to contribute creatively with gameplay ideas*
- ★ *Follows the product from start to finish*
- ★ *Is a committed colleague that takes responsibility, care for one another and help each other.*

Help us explore the frontier of making books truly interactive and fun by bringing the world of games into the pages of books.
